Where a lease is reinstated under this section and the authorized officer finds that the reinstatement of such lease either (1) occurs after the expiration of the primary term or any extension thereof, or (2) will not afford the lessee a reasonable opportunity to continue operations under the lease, the authorized officer may extend the term of the reinstated lease for such period as determined reasonable, but in no event for more than 2 years from the date of the reinstatement and so long thereafter as oil or gas is produced in paying quantities.

(f) The authorized officer may, either in acting on a petition for reinstatement or in response to a request filed after reinstatement, or both, reduce the royalty in that reinstated lease on the entire leasehold or any tract or portion thereof segregated for royalty purposes, if he/she determines there are either economic or other circumstances which could cause undue economic hardship or premature termination of production; or because of any written action of the United States, its agents or employees, which preceded, and was a major consideration in, the lessee's expenditure of funds to develop the lands covered by the lease after the rental had become due and had not been paid; or if the authorized officer determines it is equitable to do so for any other reason.
